

JJEES Guide for Authors

The Jordan Journal of Earth and Environmental Sciences (JJEES)

INSTRUCTIONS TO AUTHORS:

The Jordan Journal of Earth and Environmental Sciences (JJEES) is the national journal of Jordan in earth and environmental sciences. It is an internationally refereed journal dedicated to the advancement of knowledge. It publishes research papers that address both theoretical and applied valuable subjects and matters in both Arabic and English languages in the various fields of geoscience and environmental disciplines. JJEES is published quarterly by the Hashemite University.

Submitted articles are blindly and rigorously reviewed by distinguished specialists in their respected fields.

The articles submitted may be authentic research papers, scientific reviews, technical/scientific notes.

SUBMISSION OF PAPERS

Online: For online submission upload one copy of the full paper including graphics and all figures at the online submission site, accessed via <http://jjees.hu.edu.jo>. The manuscript must be written in MS Word Format. All correspondence, including notification of the Editor's decision and requests for revision, takes place by e-mail and via the Author's homepage, removing the need for a hard-copy paper trail.

By Mail: Manuscripts (1 original and 3 copies) accompanied by a covering letter may be sent to the Editor-in-Chief. However, a copy of the original manuscript, including original figures, and the electronic files should be sent to the Editor-in-Chief. Authors should also submit electronic files on disk (one disk for text material and a separate disk for graphics), retaining a backup copy for reference and safety.

Note that contributions may be either submitted online or sent by mail. Please do NOT submit via both routes. This will cause confusion and may lead to delay in article publication. Online submission is preferred.

FORMATE GUIDE:

1. The research papers should be printed on one side of the paper, be double-line spaced, have a margin of 30 mm all around, and no more than 30 pages (7,500 words, font size 13). The title page must list the full title and the names and affiliations of all authors (first name, middle name and last name). Also, their addresses, including e-mail, and their ranks/positions must be included. Give the full address, including e-mail, telephone and fax, of the author who is to check the proof.

2. The research must contain the title and abstract, keywords, introduction, methodology, results, discussion, and recommendations if necessary. The system of international units must also be used. Scientific abbreviations may be used provided that they are mentioned when first used in the text. Include the name(s) of any sponsor(s) of the research contained in the paper, along with grant number(s).

3. Authors should submit with their paper two abstracts, one in the language of the paper and it should be typed at the beginning of the paper followed by the keywords before the introduction. As for the other abstract, it should be typed at the end of the paper on a separate sheet. Each abstract should not contain more than 200 words.

4. Captions and tables should be numbered consecutively according to their occurrence in the research with headings. When mentioned in the text, the same consecutive numbers should be used. Captions and tables must be typed on separate sheets of paper and placed at the end of the paper.

5. The author(s) should submit a written consent that he or she will not publish the paper in any other journal at the same time of its publication in JJEES. After the paper is approved for publication by the editorial board, the author does not have the right to translate, quote, cite, summarize or use the publication in the other mass media unless the editor-in-chief submits a written consent according to the policy of JJEES. Submitted material will not be returned to the author unless specifically requested.

6. DOCUMENTATION:

- References:

- a. To cite sources in the text, use the author-date method; list the last name(s) of the author(s), then the year. Examples: (Holmes, 1991); (Smith and Hutton 1997).
- b. In the event that an author or reference is quoted or mentioned at the beginning of a paragraph or sentence or an author who has an innovative idea, the author's name is written followed by the year between two brackets. Example: Hallam(1990).
- c. If the author's name is repeated more than once in the same volume, alphabets can be used. Example: (Wilson, 1994 a; Wilson, 1994 b).
- d. Footnotes may be used to solve any ambiguity or explain something as in the case of a term that requires illustration. In this case, the term is given a number and the explanation is written in a footnote at the bottom of the page.

- e. If the number of authors exceeds two, the last name of the first author followed by et al. is written in the text. Example: (Moore et al.). Full names are written in the references regardless of their number.
- f. Prepare a reference section at the end of the paper listing all references in alphabetical order according to the first author's last name. This list should include only works that been cited.
